

Hello Friend,

It's a great blessing to be in Romania with the team from Connecticut! They have caught the vision for constructing the building and they are with us now to experience beautiful Romania and minister to the kids and teens in Suceag. They will also be teaching in a bible school, a conference, churches and even homes. We are excited to build because we envision Kids' Club expanding and the village having a permanent, people-helping, Jesus-loving, miracles-happening, gospel voice where all are welcome!

Someone recently posed the question, "What's in it for me if I give to the building fund?" Honest question that deserves an honest answer. My first answer is 'appreciation and thanks' because when you give to this ministry, you are choosing and we know there are dozens of other choices you could have made. A mere 'thank you very much' does not seem near enough for tangibly helping to bring a years-old vision to pass in a village that most have never heard of, much less visited! So to express our gratitude we plan to have a plaque made to be affixed to the building upon completion, with the names of individuals and churches that give specifically to put the building up. This will serve as a reminder to all who enter and enjoy the building that people across the ocean whom they have never met, saw the value and cared enough to give to them (even though they could never repay). We also plan to have smaller plaques made to give to you the donor so you know that we are ever grateful for your choice and even sacrifice.

Acts 10:2-4 tells the story of Cornelius whose prayers and generous gifts to the poor came up for a memorial before God. Cornelius did not know that his giving on earth got heaven's attention! There are rewards in heaven that we don't see on earth that is why it is important to keep eternity-minded. Hundreds of boys and girls could come up to you in heaven some day to thank you for building in Suceag, where they heard of Jesus. We fully expect this! So to answer the question, you will get a plaque from us but how much more significant, lasting and glorious will be your "plaque" in heaven!
