Hello Friend, *(This month's news is written by Flavia, our Kids' Club leader)*

It is such a beautiful surprise to see how God provides in unexpected ways! said Flavia, leader of Kids' Club.

Before restrictions were lifted in Romania I could not meet with groups of children but I was able to go to their individual homes. I believe this is the season in which God wants to bless and strengthen families. God brought finances and donations of clothes, medicine, shoes, food and other items from multiple people. It is so amazing to see HOW MUCH God loves these people! The families were so happy to receive these gifts

that they opened their hearts to us and allowed us to pray for them. It was great that the children were part of these prayers with their families! (See photos on back).

Recently we were allowed to hold outdoor gatherings again with groups of children. The buildings we have rented in the past are not available to us any longer due to the pandemic. For now, we are holding Kids' Club and having fun playing games with the kids outside in the sunshine. Also, every week a volunteer goes with me to some families' homes and we do Math and Romanian lessons with the children so they don't forget their skills before school starts again.

We received some donated furniture and gave it to two of the eight families we regularly stay in touch with. Simple acts of bringing food, medicine and other necessities truly opens hearts to the Good News of the Gospel.

God is doing new things!!! We really need a building in the village!! Please pray for that. Thank you!

A friend made an awesome video that we will use to help raise finances for the building. We also are going to create a website for the ministry to raise funds. God is so amazing because in this period of isolation, He helped me get close to the people in the village, gain trust and minister in even more ways than ever before!

Praying God blesses you in surprising and multiple ways this season!
